

*Speakers Night Proudly Present*

Gareth Lock is the founder of Cognitas ([cognitas.org.uk](http://cognitas.org.uk)), an organisation promoting a “just culture” among divers and highlighting the need to encourage divers to report all incidents, however minor or innocuous they appear to be at the time.

Gareth’s talk gives a fascinating insight into the causal factors behind diving incidents and lessons we can learn to promote safer diving practices, thus hoping to prevent further incidents occurring. He uses a real life case study as a discussion point, leaving the participants thinking about dive planning and execution on an even deeper level.

**Open to the  
general public**

**OXFORD BSAC**  
Diving for divers

Scuba Diving Club

[www.OxfordScubaDivers.com](http://www.OxfordScubaDivers.com)
